

DOB: 22nd October 1980
Nationality: Dual Chilean and Italian (EU)
Place of residence Hamburg, Germany
E-mail: cristobal.reveco@hzg.de
Phone: +49 040-226 338 461

02/2018 – Present **PhD Candidate, Helmholtz-Zentrum Geesthacht GERICS Climate Service Centre Germany**

03/2017- Present **International Consultant (Free-lancer):**

April 2017: Commissioned by EUROCLIMA, project closure and product presentation, ICLEI's International Resilient Cities Conference, Bonn.

May, 2017: Commissioned by EUROCLIMA: Project closure and product presentation, European Development Days, Brussels

May 2017 to October 2017: Commissioned by Cor-Antioquia, Drafting Climate Change Adaptation Plans, Municipalities of the Aburrá Valley, Colombia

June, 2017: Commissioned by EUROCLIMA+: Workshop preparation and facilitation: Launching of Vertical Components.

August to December, 2017: Commissioned by Avina and GEFLAC: Design and coordination of on-line course on climate change mitigation and adaptation for Latin America.

November 2017: Commissioned by Universidad Nacional Costa Rica and Instituto de Formación Municipal Costa Rica: Implement a capacity building programme for decision makers and network managers to launch Costa Rica's Network of Municipalities for Climate Action.

February 2018: Commissioned by EUROCLIMA+ Programme:

03/2017- 01/ 2018 **International Director, Adapt-Chile**

My role as non-executive International Director was to connect climate change cooperation between European Institutions and Latin American sub-national governments, including identifying funding schemes, drafting grant applications, developing networks and facilitating professional exchange and visits.

01/2013- 03/2017 **Founder and Director, NGO Adapt-Chile.**

I founded Adapt-Chile back in 2013, which is a leading non-profit organisation that works to help municipalities adapt to climate change. Adapt-Chile runs a network of more than 30 municipalities in Chile and works with an extensive network of local governments, ministries, universities and the private sector in Latin America, providing permanent training on climate adaptation and mitigation strategic planning and project implementation.

Main roles as Adapt-Chile's Director:

- Adapt-Chile's Strategic orientation
- Team leadership
- Fund raising
- Political representation
- Network development and Partnership engagement
- Programme and project coordination, implementation and evaluation.

Main achievements as Adapt-Chile's Founder and Director:

Creation and expansion of Chile's Network of Municipalities for Climate Action

Having closed and implemented more than 30 project contracts (national and international)

Have generated an international network of collaboration with Municipalities in France, England, Germany, Spain, Uruguay, Argentina, Colombia, Ecuador, Costa Rica and Brazil.

09/2012-01/2013 Coordinator Canadian Fund for Local Initiatives, Canadian Embassy in Chile

Project evaluation, monitoring, reporting and assessment. Budget management (up to 100.000 CAD). Project areas involved sustainability projects.

Referee: Annie Lafontaine, Canadian Embassy in Chile Annie.Lafontaine@international.gc.ca

06/2011-08/2012 Project Coordinator, Pro-Chile, Ministry of Foreign Relations, Department of Sustainability.

Sustainability diagnostic, research coordination, conference organisation.

Referee: Diego Osses, Pro-Chile's Delegate for South East Asia dosses@prochile.gob.cl

06/2010-05/2011 Fundación Chile, Forest and Eco-Business Division, Consultant (Part-time).

Coordination of project "Defining a payment system for ecological compensation", commissioned by the Ministry for Agriculture, Chile.

Referee: Aldo Cerda, Area Coordinator aldo.cerda@scx.cl

06/2010-12/2010 Research Assistant, Universidad Católica de Chile (Part-time)

Collaboration on World Bank-funded research project, led by the Centro de Cambio Global (Center of Global Change) of the Universidad Católica de Chile.

Referee: Prof. Dr. Jonathan Barton Jbarton@uc.cl

10/2009-04/2010 Affiliated Research Assistant, United Nations University, Earth System Governance Project, International Project Office, Bonn, Germany.

Research, grant-writing and project administration.

Referee: Ruben Zondervan, Executive Director ESG ruben.zondervan@esg.lu.se

Education:**2007 - 08 MRes in Environmental Social Sciences, University of East Anglia, Norwich, England**

Dissertation Topic: "Limits, Barriers and Opportunities for Public Institutions in Chile to Trigger a Process of Adaptation to Climate Change"

2004 - 07 BA in Development Studies with French Language, University of East Anglia, Norwich, England.

Field Work Research: "Social Networks and Food Security in Gorom Gorom, Northern Burkina Faso".

2001 - 02 BA in Ecotourism, Universidad Andres Bello, Chile (not completed).**1994 - 99 High School, Liceo Experimental Manuel de Salas, Santiago, Chile****Scholarships awarded**

02/2017 European Commission: European Union Visitors' Programme, Brussels. Full grant provided by the EUVP Programme, EU.

06/2013-07/2013 Training Institute on Adaptive Water-Energy Management in the Arid Americas

Chile. Full Scholarship granted by the National Science Foundation, USA

09/2012 Regional Workshop on Disaster Risk Management in Latin America and the Caribbean:

Towards a project plan for integrated science and risk management for the region. Argentina. Funded by IDRI.

04/2010 NCAR – IAI 2010 Colloquium on Science-Policy interaction on Climate Change - Costa Rica.

Full Scholarship granted by the National Science Foundation, USA.
